\$7,950

WELCOME

Welcome to the 21st Exhibition of Sculpture in Toorak Village, our largest yet with 99 works on display. For over twenty years, emerging and established sculptors have collaborated with local businesses to bring creativity to this iconic Village. First curated by Ken Scarlett OAM and inspired by Xenia Holt in 2002, this exhibition has given many sculptors their first chance to showcase their work in a community that values the arts. The permanent outdoor works reflect the support given by the traders to create a collection that has grown over the years.

As Toorak Village evolves with new street developments and improvements by the City of Stonnington, the Village enters a new era that continues to be one of Melbourne's best shopping precincts.

We invite you to enjoy this year's exhibition and explore the many shops and restaurants that are ready to welcome you.
